CONSULTING AND LITIGATION

At GTA, we capitalize on the value of your company.

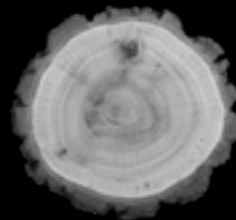

We build a Legal Culture based on prevention and respect for the law.

We encourage our clients to adopt preventive legal measures and maintain order, participating in decisions that promote prosperity and mitigate risks.

This approach results in the creation of a Legal Asset that provides structure and stability to your personal, financial, and corporate environment.

Trusting **GTA** means making *a solid Investment*.

Integral Trajectory

GTA's professional success is the result of our proactive trajectory, with members who have served in public service, the private sector, academia, and as practicing attorneys.

We have achieved successes for our clients through strategic and preventive practices that translate into a significant asset for their organizations.

Our involvement has been impactful in transactions and litigation for companies in the transportation, manufacturing, real estate, energy, commercial, and telecommunications sectors, where we maintain a presence in their boards and legal representation.
